

## E155 Final Project Proposal Rubric

Team: \_\_\_\_\_

### Project Uses Microcontroller

- 2: Meaningfully
- 1: Sufficient but contrived
- 0: Not specified

### Project Uses FPGA

- 2: Meaningfully
- 1: Sufficient but contrived
- 0: Insufficient or unspecified

### Project Uses New Hardware: \_\_\_\_\_

- 2: Nontrivial new hardware
- 1: Simple new hardware
- 0: Insufficient or unspecified

### Writing

- 2: Excellent
- 1: Some issues
- 0: Serious issues

### Block Diagrams

- 2: Professional diagrams unambiguously defining communication paths
- 1: Diagrams vague in places
- 0: No diagram

### Project Goals

- 4: Completely clear what the project must do to meet requirements
- 3: Mostly clear what the project must do to meet requirements
- 2: Important requirements left unstated
- 0: Impossible to tell whether a completed project meets requirements

### Budget

- 1: Budget included
- 0: No budget included

Overall: \_\_\_\_ / 15

Risks:
